

Santa Monica YMCA Closed Until April 1st

For over 100 years, the Santa Monica Family YMCA has always been an organization that walked in the direction of a challenge. During this unprecedented time, we have tried to stay open and serve our members as long as possible. Over the last 24 hours, the State of California and the City of Santa Monica have taken significant steps to keep the public safe as the coronavirus (COVID-19) begins to spread. On Monday, March 16th, Santa Monica Mayor Kevin McKeown ordered the closure of all bars, nightclubs, restaurants (except takeout/delivery), entertainment venues, gyms and other establishments in the City of Santa Monica effective Noon March 16 through March 31.

As a result of this action, the Santa Monica Family YMCA will be closed. We will have limited staff available electronically and we will be deep cleaning and disinfecting of the facility prior to re-opening.

It has been a dizzying week of change for all of us. Our commitment to the Santa Monica community continues and we are doing our part to help control the spread of this virus.

Finally, to support your health and well-being goals, we are offering Y360, an exciting new YMCA on-demand fitness program for adults and kids to do at home. You and your family can exercise together and have some fitness fun! You can access it today at [Y-360 On-Demand](#). Also for your well-being and mental health, we encourage you to get out into nature and to check out these [10 mindfulness tips](#).

We are hopeful that you will be patient during this unprecedented time. We ask that you please keep your membership active so we can keep our community together and vibrant during these significant challenges.

We are also hopeful that these significant precautions will help stem the spread of the virus and that we can begin to return to our normal routines soon.

Thank you and stay healthy.
