

**FOR YOUTH DEVELOPMENT
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY**

California Youth & Government

The YMCA is a cause-driven organization that focuses on youth development, healthy living and social responsibility. California YMCA Youth & Government is an integral part of the YMCA movement and has been providing service to local YMCAs for 70 years. We now engage close to 5,000 high school and middle school youth from across the state each year, in programs emphasizing civic engagement.

The program is designed to provide its participants with life skills necessary for their future careers, whether they are involved with legislature, court, or any other professional field. This dynamic program also focuses on building friendships, socializing, and having fun! During each conference delegates will have a chance to hang out with friends, attend dances, and play games, and create new friendships that will last a lifetime.
